115th Congress | 2017-2018

Message from AGC President Eddie Stewart

AGC is building the necessary relationships and making its priorities known to officials at the highest levels of government.

From the very beginning, the Associated General Contractors of America (AGC) has worked hard to develop close relationships with our nation's top decision makers.

One of the great benefits of an AGC membership is that you can rest assured knowing that an experienced team of government relations professionals is actively monitoring federal legislation and regulations to effectively advocate for the construction industry in meetings at the White House, executive agencies and departments, and on Capitol Hill.

No association is more visible in its promotion of construction and member-company interests across all sectors of the federal government than AGC. It is one of the reasons why AGC is regarded as the "voice and choice" of the construction industry. It is also why policymakers come to AGC first to learn how a proposed piece of legislation or regulation might impact the industry.

For better or worse, government policies directly affect the industry's health and can impact your company's bottom-line, making political engagement a necessity.

AGC is uniquely positioned to secure favorable policy outcomes in these ever-shifting legislative and regulatory environments. But you have a role to play too at the ballot box.

Help make the construction industry's voice heard loudly and clearly in this year's elections!

Election Day is Tuesday, November 6! Be sure to make time to vote if you haven't voted early or absentee. The decisions you and voters across the country make will greatly impact the construction industry.

U.S. Senate

During the 115th Congress, AGC of America has designated the following six resolutions and bills as AGC key votes in the U.S. Senate. A brief description describing the impact to the construction industry can be found beneath each piece of legislation.

Repealing the “Blacklisting” Executive Order

(H.J.RESOLUTION 37)

AGC position: Support

Sponsor: Rep. Virginia Foxx (R-NC-5)

This resolution would repeal regulations implementing President Obama’s Blacklisting Executive Order (EO). Under this EO, both prime and subcontractors would report violations and alleged violations of 14 federal labor laws and “equivalent” state labor laws during the previous three years, and again every six months, on federal contracts over \$500,000. A single alleged violation would enable a contracting officer to remove a contractor from an ongoing project or deny a contractor the right to compete for a contract. (Passed 49 to 48)

Repealing the “Volks” Rule

(H.J.RESOLUTION 83)

AGC position: Support

Sponsor: Rep. Bradley Bryne (R-AL-1)

This resolution would repeal the “Volks” rule which extends the statute of limitations on OSHA recordkeeping violations from six months to 66 months. The rule would expose employers to unfair liability for honest and inadvertent paperwork mistakes. (Passed 50 to 48)

Tax Cuts and Jobs Act (TCJA)

(H.R. 1)

AGC position: Support

Sponsor: Rep. Kevin Brady (R-TX-8)

This bill moved comprehensive tax reform legislation that would reduce the corporate rate by 14 points, lower individual and pass through (LLC, LLP, ESOP, etc.) rates, double the estate and gift tax exclusion to \$11 million, ensure the tax-exempt status of Private Activity Bonds remained untouched, and prevent full repeal of the Historic Tax Credit. (Passed 51 to 48)

Extension of Continuing Appropriations Act, 2018

(H.R. 195)

AGC position: Support

Sponsor: Rep. Steve Russell (R-OK-5)

This is a federal government funding bill that would suspend or delay several Obamacare taxes and prevent disruptions to the operations of federal and federal-aid construction projects. (Failed 50 to 49)

The Bipartisan Budget Act, 2018

(H.R. 1892)

AGC position: Support

Sponsor: Rep. John Larson (D-CT-1)

This budget bill for FY19 and FY20 would (1) avert arbitrary, across the board cuts to construction programs by lifting the budget caps established under sequestration, (2) provide nearly \$90 billion in emergency funding—over \$21 billion of which is for construction projects—for reconstruction and recovery efforts from the 2017 natural disasters, (3) create an avenue for the appropriation of \$20 billion in additional infrastructure funding over two years, and (4) renew certain tax incentives—specifically Section 179D—for energy efficient commercial construction projects. (Passed 71 to 28)

America’s Water Infrastructure Act of 2018

(S.3021)

AGC position: Support

Sponsor: Sen. Amy Klobuchar (D-MN)

This bill would authorize at least \$9 billion for Army Corps Civil Works projects (locks, dams, levees, harbor dredging) and the Environmental Protection Agency drinking-water and wastewater infrastructure programs. (Passed 99 to 1)
